

Justin M. Kliegman

Creative Motion Graphic Learning Designer with 10 years of extensive professional experience in a highly structured, fast-paced and detail oriented, deadline-driven S&P FORTUNE 500 corporation.

EXPERIENCE

Robert Half, San Ramon CA - Multimedia Learning Designer II

July 2014 - March 2025

- Built and designed interactive training modules, motion graphics, and videos using 2D and 3D design concepts to create comprehensive eLearning modules that are engaging, exhilarating, and cost-saving in the workforce. Participation in initial creative intake and learning concepts through deployment.
- Built, designed, and developed motion graphics, multimedia, interactives, and program branding for internal training to support audience implementation, system knowledge learning, onboarding, compliance, and marketing initiatives including intakes like Salesforce, Workday, SterlingONE, Cornerstone On Demand, BEN, and Data Defenders for RH Corporate, Talent Solutions, and Protiviti.
- Expert knowledge in Adobe After Effects and excellent skills in Cinema 4D as well as the Adobe Creative Cloud. Deployment knowledge in LMS output. Well-versed in translation editing.
- Utilized AI tools to create rapid development eLearning projects and videos through Kaiber, ElevenLabs, 360 AI assistant and Adobe Firefly.

Hands On Studios, San Jose CA - Lead Motion Graphic Designer

February 2013 - July 2014

- Created advertising and animation for corporate and private clients.
- Built motion graphic design, infomercials, television spots, video shoots, photo shoots, LED Live Banners, video headshots, headshots, photo, video editing, on-location filming. Coordination from initial storyboarding to final studio edit. Launched advertisements for clients such as Westfield Malls, Deloitte, LAX Airport, Alain Pinel Realtors, Lexus of Stevens Creek, San Francisco Ballet, and State Bikes.
